

# PABLO OLLÉ

## SELF-TAUGHT FULL-STACK DEVELOPER

### WORK EXPERIENCE

---

#### PROGRAMMING EXPERIENCE

##### Web Developer

2016 – Present

Development of different types of sites (blogs, institutional, e-commerce, etc.) for myself and for third parties using different technologies / tools such as React, Node, Next.js, Wordpress, Photoshop, among others. Currently working on a private project that includes social media and a blog created more than 4 years ago.

#### NON-PROGRAMMING EXPERIENCE

##### Electrotech SRL | Community Manager

2021 – Present

Run Google campaigns, report results and post on social media.

##### Maycar SA | SSR Buyer Analyst

2011 – 2014

Provide general support to purchasing managers.

##### Aramark | Logistics Analyst / Buyer Analyst

2011 – 2014

Provide general support to logistics and purchasing managers.

### EDUCATION

---

##### Coursera | Princeton University

2024

Courses: Algorithms, Part I and Algorithms, Part II.

##### UADE | ACBSP Global Business Programs

2009 - 2013

Bachelor's degree in marketing.

### COMPUTER SKILLS + LANGUAGES

---

- **PROGRAMMING LANGUAGES:** JavaScript and Java.
- **FRONT-END:** HTML, CSS, React, TypeScript, Tailwind, Bootstrap, Material UI, Chakra UI and Vite.
- **BACK-END:** Express, MongoDB, Node, Next.js and Vercel.
- **OTHER TECHNOLOGIES / TOOLS:** ESLint, VS Code, npm, Git, GitHub, Wordpress, Photoshop, Zustand and Google tools (Analytics, Search Console, AdSense, Ads).
- **LANGUAGES:** Spanish (native), English (advanced) and Portuguese (intermediate).

### PROFILE

I work and study in the world of technology since 2016. I like to constantly learn about it.

I also have experience working in non-programming positions in large companies.

### CURRENT GOAL

Get a full-time remote position as a front-end (React / TypeScript) or full-stack (MERN / Next.js) developer.
